Description:

Having known,the backwardness of ulipalem an hamlet of UppudiGrampanchayat,with a view to educate people on some issues like early girl child marriages,low literacy rate etcAn extension program by the Department of Chemistry with its staff and students was conducted at Ulipalem village of Repallemandal on 21-04-2022. They have interacted with the elders, Anganwadi teacher and primary school HM Mr.Suresh to know the reasons for Early Girl Child marriages, Low literacy rate and Unhygienic conditions prevalent in the village. Students and staff tried to educate the parents and children who are away from the school, the benefits that they would get if they had proper education. They also created awareness on the disadvantages of Early Girl Child marriages among the villagers with SLOGANS. Malnutrition observed among the children was brought to the notice of parents and Anganwadi helpers and advised them to give nutritious balanced diet to the children so that they can grow healthy. The pathetic conditions of poor sanitation, improper and unstealthy supply of drinking water prompted the students and staff to strongly advise the people to keep their premises and surroundings clean. The issue was also brought to the notice of Smt.Vijaya, Sarpanch, Uppudi for bettering the conditions. They motivated the school age children who are loitering on the streets to join the schools.
